## **Who We Are**

Florence Crittenton in Helena, Montana is a private, 501 (c) 3 organization that has worked with young families for over a century. While our mission has remained much the same, the implementation of services has changed over time to meet the needs of society and of our community. Once a "home for unwed mothers" who were generally sent away in secrecy and shame to have their babies and "give them up" for adoption, we have now adapted and changed to meet the most current needs of our generation, giving families the opportunity to heal, grow, and thrive together.

In the 125 years we have been operating, we have helped transform the lives of tens of thousands of women and their children from across the State of Montana. Based in the foothills of the Rocky Mountains in Helena, Montana we offer a nurturing and highly therapeutic environment that transforms lives for families all over Montana.

## **WHERE FAMILIES HEAL, GROW, AND THRIVE**

Residential Services includes a youth maternity home and a residential recovery program exclusively for mothers and their children. The Family Healing Center provides wrap-around therapeutic support in the community. The Child Enrichment Center provides early childhood care for infants and children aged 0-5.
